The Legend Golf & Safari Resort

Located just outside the Entabeni Safari Conservancy, but with easy access to the game part as the Golf Resort borders right up to the Lower Escarpment Gate. Glass sliding doors lead onto a secluded outdoor patio. The bedrooms include a small seating area and luxurious en-suite bathroom with spacious shower and separate bath.

The drive from the Golf Resort to Lakeside Lodge (start and finish of the race and route inspection as well as the venue for the celebration dinner) is approximately 75 minutes going through the game park.

All transportation is done in open safari jeeps, so participants at the Golf Resort will get a minor game drive going to and from Lakeside Lodge in addition to the game drives already planned in the itinerary. The golf course welcomes golfers of all levels. The most talked about feature is the additional Extreme 19th hole. Set high up on the impressive Hanglip Mountain, it is the longest Par 3 in the world.
